Notes on the Criteria for Membership

Member

In view of the wide knowledge and experience required of Members, qualification at graduate or equivalent level in an appropriate discipline is normally required by the Institute. Those applying to be a Member would normally be expected to have at least **two years** experience of safety related work at one of the following: a University where scientific research or technology are a significant part of the activities; a research or technological Institute; or science or technology based industry. **Where an applicant's role is part time in Health & Safety the minimum qualifying period is to be extended pro rata.**

Applications should be supported by the names of two referees, one of whom should be a Member or Fellow of the Institute.

Members may use the designatory letters MISTR.

Associate Member

Persons whose knowledge and experience do not qualify them as Members can join as Associates provided they can satisfy the Executive Committee that they have a sufficient interest in the activities of the Institute.

Applications for Associate Membership do not require referees.

A/3 Members

- A/3.1 *The category of Member will be open to persons who can demonstrate to the Executive Committee that they have attained graduate or equivalent level qualifications in a scientific, technological, or engineering discipline and adequate experience in one or more of the disciplines of safety within the areas of interest defined in clause 3.3 of the Constitution.*
- A/3.2 *In assessing an applicant the Executive Committee will consider all the relevant facts, including formal qualifications, and experience. Periods of experience of less than two years (full-time appointments) or four years (part-time appointments with 50% of time allocated) within the disciplines of health and safety in an organisation defined in paragraph 3.3 of the Constitution will not normally be considered adequate to permit entry to this category of membership.*
- A/3.3 *The Executive Committee may make such enquiries as it deems necessary to verify information supplied by applicants.*
- A/3.4 *The disciplines of health and safety are considered to be:*
- A/3.4.1 *General Safety*
 - A/3.4.2 *Occupational Hygiene and Occupational Health*
 - A/3.4.3 *Radiation Safety*
 - A/3.4.4 *Biological Safety*
 - A/3.4.5 *Fire Safety*
 - A/3.4.6 *Engineering, including Chemical Engineering/process Safety*
 - A/3.4.7 *Environmental Safety*
 - A/3.4.8 *Chemical Safety*

A/4 Associates

- A/4.1 *Persons not otherwise eligible to join as a Member may apply to join as an **Associate**. Persons applying must satisfy the Executive Committee that they have a sufficient interest in the activities of the Institute. They will enjoy all the privileges of membership except that they will not have voting rights, nor will they be eligible for election to office.*

Subscriptions

The first subscription payment is due when a person's application has been approved by the Executive Committee and will normally run to 31 July of the current subscription year. However, if an application for membership is approved at or after the spring Executive Committee meeting (normally in late February or early March) and before the AGM (late June/early July) then the subscription will run through to 31 July of the following subscription year.

Subscription invoices for the current subscription year (and any outstanding payments) will be circulated, preferably by email, in September of each year. Reminders on unpaid amounts will be circulated in January/February of each year.
